

V320S-p

d.light V320S-p

The d.light V320S-p is a 32-inch energy-efficient TV for on-grid and off-grid use. It features advanced LED technology for vibrant visuals and immersive sound. Seamlessly switching between AC and DC power, it supports digital broadcasts with DVB-T2CS2 and offers HDMI, USB, and VGA connectivity. With low DC power consumption, it's perfect for solar setups. PayGo technology allows affordable installment plans, ensuring premium entertainment access.

Solar TV
